

CRAFT  
TIME

1  
HOUR

RECYCLED  
PLANTER

HERE'S WHAT YOU NEED TO GET STARTED...

BOSTIK  
SCHOOL GLUE (RED)

CLAG PASTE

CLAG KIDS PVA

RECYCLED BOTTLE  
WITH CAP

SMALL PLANT

STANLEY KNIFE  
& SCISSORS

BLACK PAPER  
TISSUE PAPER

GOOGLY  
EYES

# PROJECT SHEET

LET'S TALK ABOUT SUSTAINABILITY

## STEP 1. CUT RECYCLED BOTTLE

Take a recycled plastic bottle and using a Stanley knife cut off the top. **Note: Adult assistance required for this step!**

## STEP 2. COVER IN TISSUE PAPER

Apply Clag Paste to the bottle and cover in tissue paper. You may need to apply a couple of layers of paper. Leave to dry.

## STEP 3. CREATE FRINGING

Cut two small strips of black paper. Use the scissors to create fringing. These are the eyelashes! Use Clag Kids PVA Glue to secure the lashes, googly eyes and bottle top nose to planter.

## STEP 4. CREATE EARS

Cut out the ears from the template. Use Clag Paste to cover them in tissue paper. Use Clag Kids PVA Glue to secure both ears to the planter. Leave to dry.

SUSTAINABILITY

## STEP 5. PAINT MOUTH

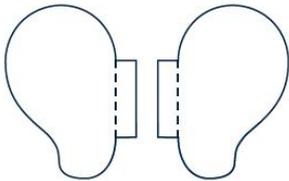

Paint a red mouth using Bostik Coloured School Glue. Leave to dry.

## STEP 6. ADD PLANT

Once your planter is dry, add soil and a plant. Watch it grow!
