

# Make your own spook-tacular Halloween monster

## You will need:

- 3 x Halloween monster template (each character printed onto white card or paper)
  - Coloured pens or pencils
  - Paints and paint brushes
  - Scissors
  - Blu Glu stick
- Optional**
- Craft embellishments such as sequins, stickers and googly eyes
  - PVA white Glu
  - Glitter Glu pens

1. Print the Halloween monsters template onto white card or paper.

You will need to print each of our creepy characters onto their own sheet of card. Plus, you may want to have a couple spare in case of mistakes.

2. Colour in the Halloween characters as desired using pens, pencils, paints, Glitter Glu or similar.

Use PVA white Glu to add craft embellishments such as sequins, gems or similar.

### Tacky's tip:

Remember to stay within the lines and to shade carefully so there aren't any white gaps.

### Important:

Step 3 includes using scissors. Please ensure children are supervised when using scissors and if necessary, an adult should complete the cutting on behalf of a child.

3. Next, carefully cut out each of your Halloween monsters from the template.
4. Once you've cut out your Halloween characters, fold each of their bodies along the dotted lines shown in the template.
5. Apply Blu Glu stick to the 'glue here' tabs on the template and fold and stick the sides together to create a box. This is your monster's body.
6. Attach each of the characters' heads to the front of their bodies using Blu Glu stick.

### Tacky's tip:

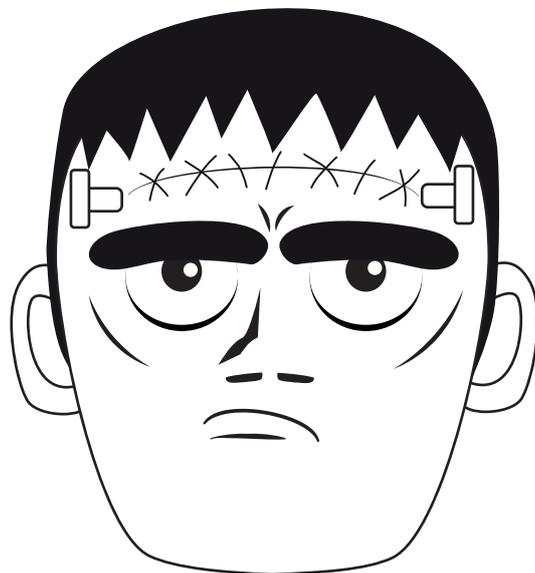

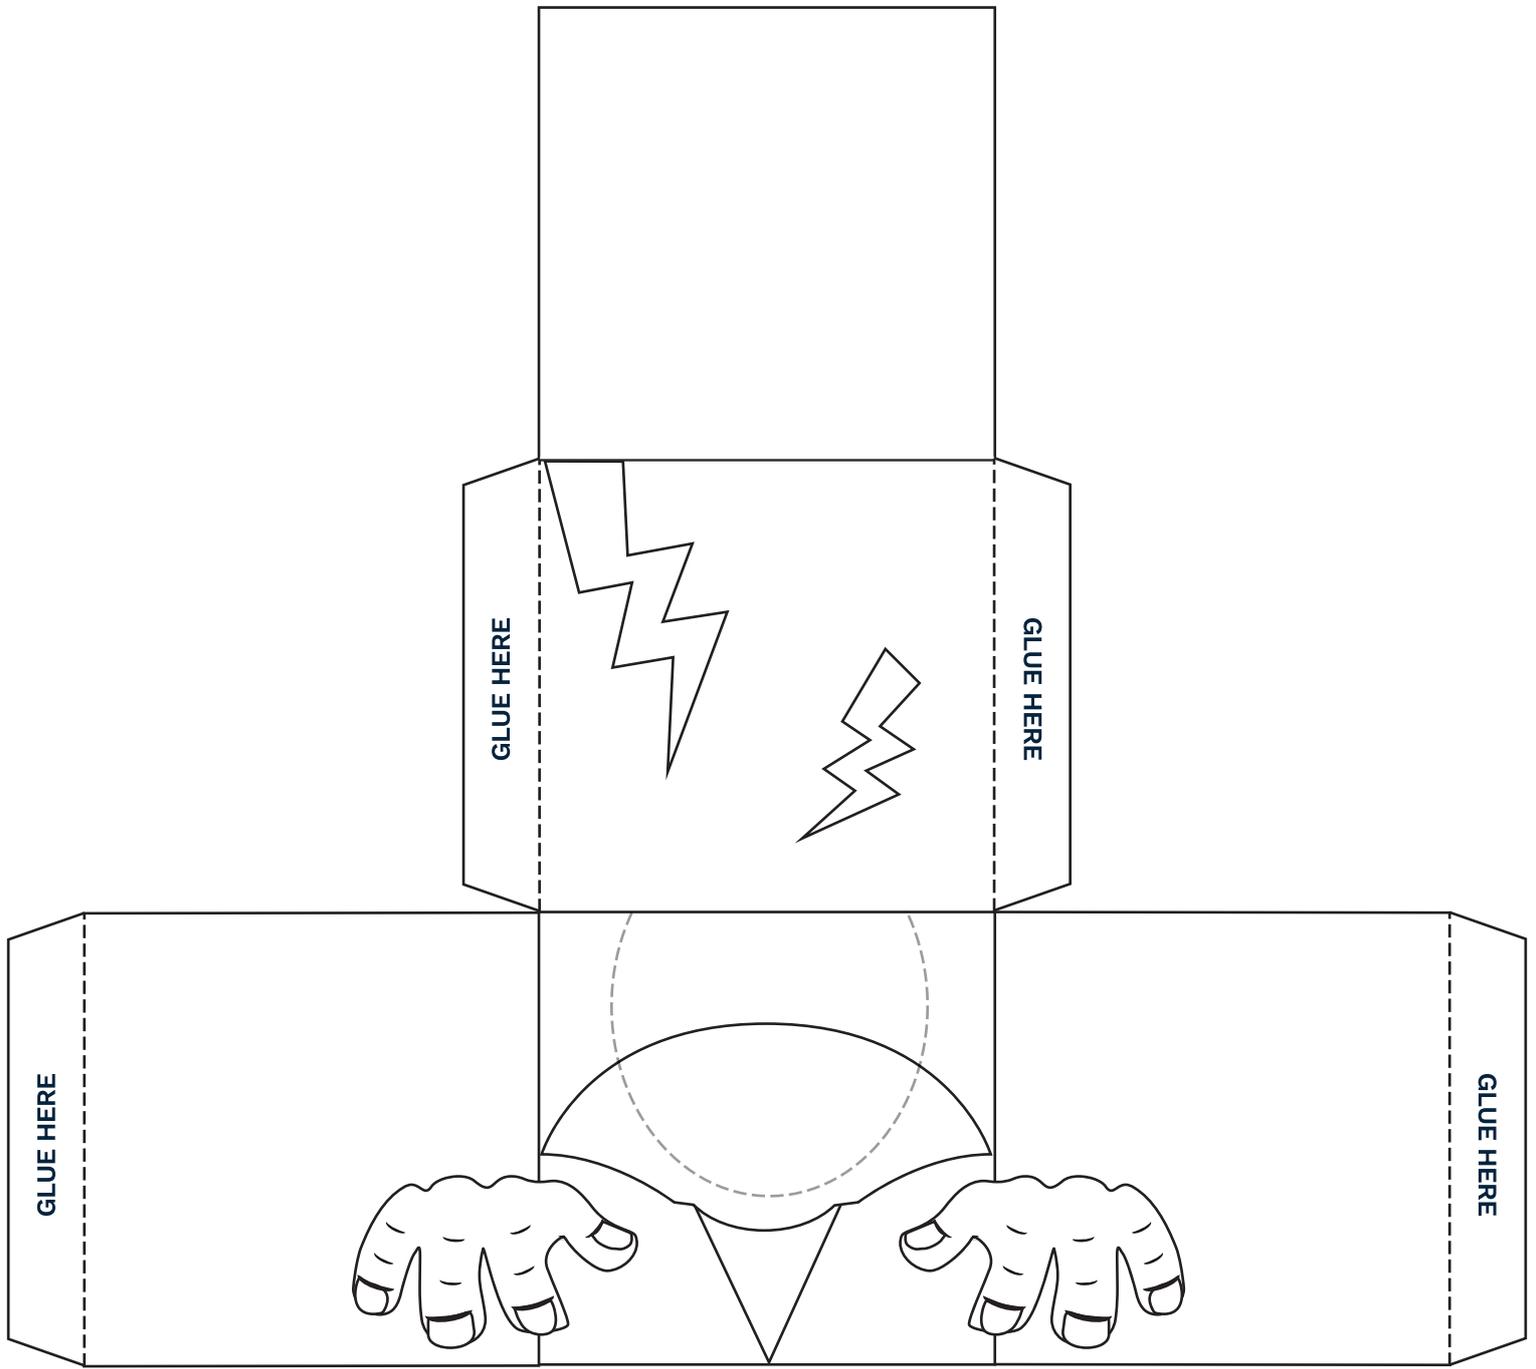

Using PVA white Glu, attach googly eyes to each of your monsters to bring depth and dimension to your characters.

7. Ta-da! You're all done. It's time to group all the creepy characters together to create a scary, show-stopping display!
